

# Business Networking Tip - What Are Your Goals?

Submitted by [Kevin Willett](#) on Tue, 2019-05-21 15:13

Do you have goals for 2019? Did you write them down and keep them where you can see them? I know for 2018 I did a horrible job tracking my goals. I did take the time to write them down and then I never looked at them until the end of the year. Surprisingly, by pure luck, I did achieve a few of them.

One of the things that I struggle with is asking people for help, which is silly. My goal is to increase membership in both of my groups by twenty new clients. I am asking my friends to help me hit my goals by introducing me to people they know who are looking for additional networking opportunities. With the assistance of my friends, I am confident that I can achieve my goals.

Now it is your turn. What are your goals and how can I help you achieve them? Feel free to reach out to me and let me know how I can help you.
